We are feeding birds!
We have a bird viewing building!

Open to the Public!!

Izaak Walton

2^{1/2} miles north of Vinton on Highway 150,
west side of the road. Parking is available at the bird viewing signs,
either on the main road or on the DNR road.

Bird viewing building

- ✿ There are 10 blue bird houses in prairie units 3 & 4.
- ✿ We have 6 benches located in the fire break paths for sitting.
- ✿ The bird viewing building is located in unit 4 of the prairie grass/wild flowers area.
- ✿ In the bird viewing building we have 4 chairs.
- ✿ There are 8 feeders that are currently feeding 2 niger seed, 1 black oil sun flower, and 1 premium mix along with 2 suet and 2 peanut feeders.

Special Thanks to Pat at Cedar River Milling Co. in Gilbertville, IA and Dan at Wild Life Habitat in Cedar Rapids, IA for giving us a discount on bird food.

These are two very good places for all you bird feeding needs.

You can help offset our feed expenses by donating directly to our chapter or donating to Pat or Dan and designating it to our account: Red Cedar Chapter IWLA.

Enjoy the wild life! Not only birds, but deer, turkey, squirrels and more:)
